

Earn 5% on every successful placement by simply passing over a BD lead to you team Leader!

How you ask? Every time you're on a call ask the candidate:

1. Are they interviewing currently?
2. Who they have interviewed with in the past month?
3. See if they will give you the Company & Managers name they spoke with.
4. They may even give you a contact number if you ask!
5. Once you have the lead and details add it to your teams Job Report Business Dev page and indicate you are the referral sources.
6. If the lead turns into a client, you earn **5% of all placements** through that account as long as you are with HireResources!
7. **Nice deal, right!** 😊

Make it a routine to ask the questions, earn extra commissions, it's that easy!

Disclosure: Your lead(s) must directly or indirectly, and as a result of your referral, lead to the signing of an agreement to qualify for the 5% commissions. It does not lock you into a credit for that company if your lead does not result in an agreement being signed.
